To ensure all K-12 students have access to standards-based arts education and the benefits it can have on their academic performance and the overall learning environment, how would you encourage more attention and resources for arts education?

Please discuss what impact you believe arts and culture has on your local community, e.g. individual artists, nonprofit performing arts, museums of various kinds, zoos or botanical gardens.

As a tribal, community arts are incredibly important. We need more funding to reintroduce the arts back into our curriculum.

Please describe your personal participation and/or interest in arts and culture, e.g. professional or amateur visual or performing artist, a patron, board service, financial support, participation by your children, etc.

I have worked for nonprofit arts organizations in the past. I am very passionate about native art, filmmaking and cinematography. I know the importance of having a great art program in public schools as I grew up taking advantage of every music and art opportunity my school could offer.

Below are the Legislative District 4 candidates from whom Arizona Citizens for the Arts did not receive responses to our survey, along with their contact information.
