 Continued, one-time allocation of interest from the Rainy Day Fund.

To ensure all K-12 students have access to standards-based arts education and the benefits it can have on their academic performance and the overall learning environment, how would you encourage more attention and resources for arts education?

- Support audited reporting about arts education course offerings and student enrollment in any existing school "report card" or certificates of assurance required by state law.
- Credit in the A-F school report card for student participation and achievement in standards-based arts education.
- Establishment of a Fine Arts Seal -- similar to the Civics Literacy Seal -- to be affixed to the diplomas and noted in the transcripts of graduating students with advanced achievement in high school Fine Arts.

Please discuss what impact you believe arts and culture has on your local community, e.g. individual artists, nonprofit performing arts, museums of various kinds, zoos or botanical gardens.

Arts allow the expression of culture and diversity. Whether performing in a local musical, drama or concert community spirit passion and education is achieved. From the wild animal park in the west valley to the conservation garden and feeding the ducks at the yuma fairground, performing in the nutcracker performance or painting in a retirement community our citizens can express themselves in our local environment.

Please describe your personal participation and/or interest in arts and culture, e.g. professional or amateur visual or performing artist, a patron, board service, financial support, participation by your children, etc.

I am instrumental in putting on an outdoor performance at Champion Christian Church that utilizes over 100 actors in a three day Jesus is Born Christmas production. I enjoy attending other art shows and productions during the year.

Given the value of the nonprofit arts and culture sector to the state, how would you support the eventual restoration of funding for the Arizona Commission on the Arts to pre-recession levels?

■ Another dedicated funding stream. If so, what?: Tax Reform needs to occur in our state which would help decide the correct funding source.

To ensure all K-12 students have access to standards-based arts education and the benefits it can have on their academic performance and the overall learning environment, how would you encourage more attention and resources for arts education?

- 🗳️ Credit in the A-F school report card for student participation and achievement in standards-based arts education.
- 🗳️ Other ideas?: I do not know enough in this area for a thoughtful answer.

Please discuss what impact you believe arts and culture has on your local community, e.g. individual artists, nonprofit performing arts, museums of various kinds, zoos or botanical gardens.

As a former City Councilmember, I have seen the value and impact the arts have made in our city and a high quality of life we strive for.

Please describe your personal participation and/or interest in arts and culture, e.g. professional or amateur visual or performing artist, a patron, board service, financial support, participation by your children, etc.

The Arts play a strong role in my life, I come from a history of Arizona Arts Natives, I took classes at Phoenix Little Theater and own a jewelry store. I've also supported the Arts with my votes on the City Council and personally/business supported many Arts venues and causes such as the West Valley Arts Council, WHAM, & Chalk in the Park.
