AZ CCI teams will become members of an active learning network, with opportunities to learn from and with local and national experts, as well as peers from other Arizona cities/towns and neighborhoods.

In addition to intensive training, network building, and ongoing consultation, selected teams will see up-to \$21,000 invested in their communities over 12 months.

## FISCAL YEAR 2019 GRANTEES

All grants are awarded through a competitive application process. Eligible applications are evaluated through a panel review process based on program-specific criteria such as community impact, quality of work and responsible stewardship of public funds. Review panels include community leaders, local business people, artists, arts administrators and educators from diverse geographic, artistic and cultural/ethnic communities of Arizona.

Governor-appointed Commissioners chair these panel meetings, and as a body, carefully consider the recommendations of the panelists in order to authorize the final grant awards.
